# In praise of simplicity

The relaxation of a hot shower...

...the benefits of hydromassage...

...the joy of children in the bath.

Who could have thought that simplicity would become the prime advantage of the atmospheric burner! Choosing the **Alfa G** gas boiler from ACV means opting for certain comfort, with no complications: as much Domestic Hot Water as you want, easy control, reduced maintenance, long life and low consumption. All with complete simplicity. Is it not said that simple things are often the most dependable? Like the smile of a baby...
