## Accessories and care products for hearths and stoves

Welcome to the Stovax Accessories catalogue. Throughout these pages you will discover the widest possible selection of top quality products to help you maximise enjoyment of your fireplace or stove – whether woodburning, solid fuel or gas. All items are held in stock for next day delivery where required.

*Stovax pursue a policy of constant product improvement. Products may therefore differ from those illustrated and described in this brochure. Owing to variations in studio lighting and printing inks, product colours may also vary slightly from those shown.*

# Exclusive Fireplace Surround Packages

A bespoke collection of Ceramic & Natural Stone tiles to enhance and complement your Stovax fire.

The space in which you live is an expression of your individual style - and at the very heart of your home is the fireplace. It is a focal point that not only extends the warmest of welcomes to your family and friends, and the one around which they will gather naturally, but it also offers you the opportunity to make a design statement that marks out the room even when the fire is not lit.

Many of Stovax's contemporary fires, are designed to fit into an existing chimney breast or specially built studwork structure.

Accordingly, the wall itself can be used to enhance still further the impressive appliance you have already chosen. This unique collection of 22 ceramic and natural stone tiles has been carefully selected to help you create your ultimate look. Please ask your Stovax retailer for details or download the complete brochure from [www.stovax.com](http://www.stovax.com).

## Slate Tiles

### Riven slate tiles

Slate is very much a traditional hearth material. Stovax's Riven 8" x 4" (203 x 102mm) Welsh slate tiles are hand split along the natural fault lines of the slate to produce a rustic look and reveal the natural blue, green and grey tints of the stone. Being fashioned in this way, the thickness varies from tile to tile but the average is 1/4" (6mm).

4095 Box of 20 Riven Slate Tiles.

### Polished slate tiles

Machine cut to a uniform size, with one side polished, these are a more sophisticated alternative to the Riven type. Their colour is deep blue-black, and the polished surface can provide an attractive, reflective effect. The size of these tiles is 8" x 4" x 3/8" (203 x 102 x 9mm).
